PROJECT BILLO

SHAKER STYLE KITCHEN BASE CABINET

These diagrams are intended to supplement the project instructions found here: projectbilld.com/blog/shaker-style-base-cabinets

Contents

OVERVIEW	3
CABINET BASE	
CABINET BODY	
CABINET DRAWER	
CABINET DOORS	
DRAWER FACE	

OVERVIEW

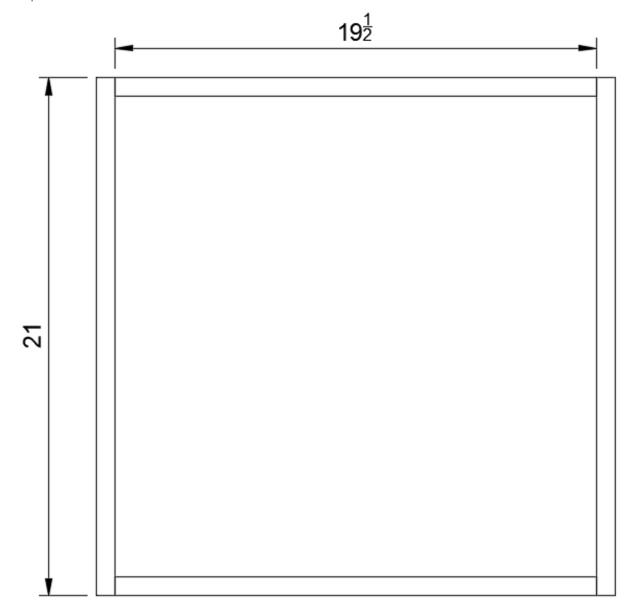

Front View Side View

Project Notes

- These diagrams are for a right end cabinet.
 - o For a left end cabinet, flip the outside trim and base to the opposite of the cabinet.
 - For a non-end cabinet, extend the base the full width of the cabinet box and leave the outside trim off
- This is for a cabinet with a width of 24 inches. Modify the width (and any corresponding measurements) as needed, but the depth and height measurements shouldn't need to change.

CABINET BASE

Top View

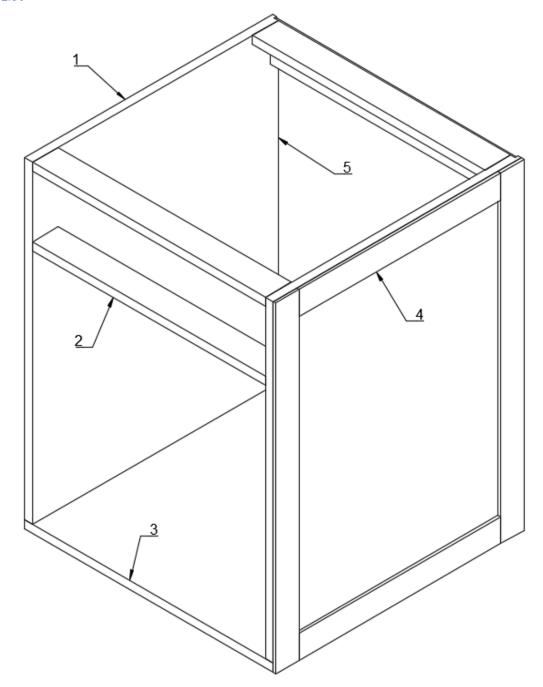

Front View

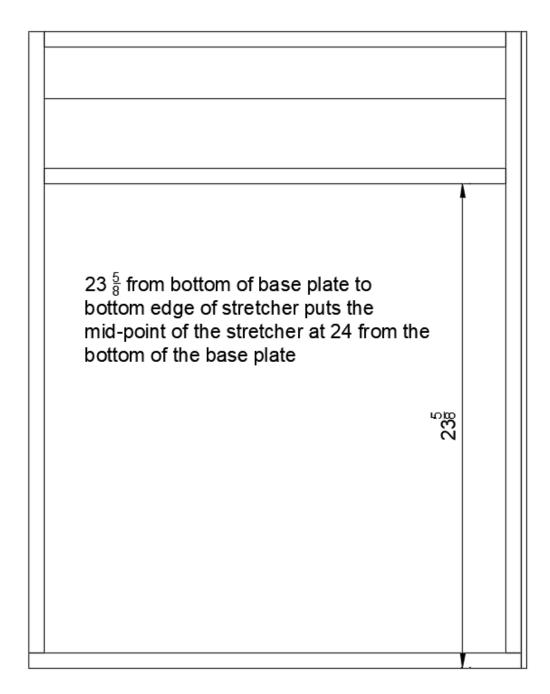

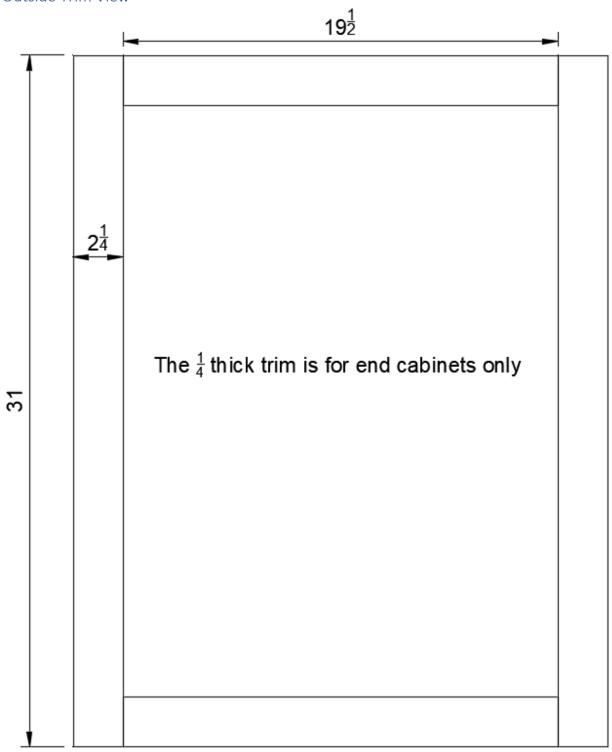

CABINET BODY

Parts List

ITEM	QTY	DESCRIPTION	DIMENSIONS (IN)
1	2	Side Panels	30 ¼ x 24 x ¾
2	4	Stretchers	22 ½ x 2 ½ x ¾
3	1	Base Plate	24 x 24 x ¾
4	4	Outside Trim (only for end cabinets)	See Outside Trim View
5	1	Back Panel	30 ½ x 23 ¼ x ¼

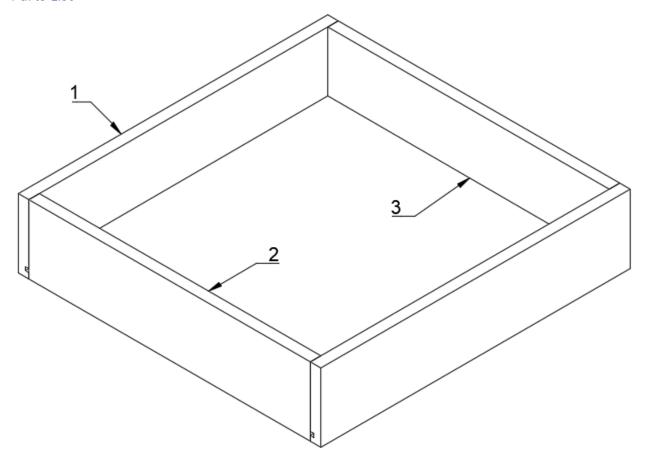

Back Panel View

The shaded areas are the groove cut for the back panel. They are $\frac{1}{4}$ deep (same as back panel plywood) and $\frac{3}{8}$ wide. They are on the back inside edges of the side panels and the back top edge of base plate.

CABINET DRAWER

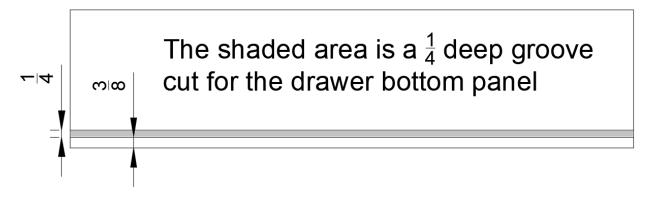

Parts List

ITEM	QTY	DESCRIPTION	DIMENSIONS (IN)
1	2	Drawer Sides	22 x 4 % x ¾
2	2	Drawer Front/Back	20 x 4 % x ¾
3	1	Drawer Bottom	$20^{15}/_{16} \times 20^{7}/_{16} \times \frac{1}{4}$

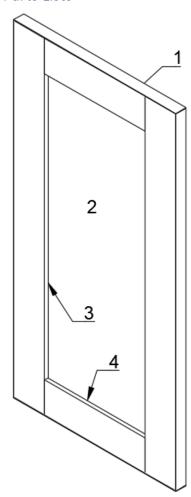

^{*}Drawer bottom size equal to drawer inside distance + $(^{7}/_{16})$ to both width and length.

Drawer Sides View

CABINET DOORS

Parts Lists

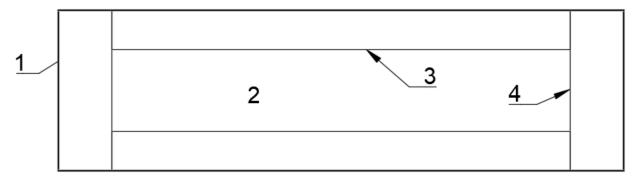

ITEM	QTY	DESCRIPTION	DIMENSIONS (IN)
1	4	Edge Banding Strips	Varies
2	1	Plywood Panel	$23 \% \times 11^{13}/_{16} \times \frac{1}{2}$
3	2	Stiles	23 % x 2 ¼ x ¼
4	2	Rails	$7^{5}/_{16} \times 2 \% \times \%$

Notes:

- The Plywood Panel measures $^{1}/_{16}$ less than the height and width of the door size to account for the thickness of the edge banding $(^{1}/_{32}*2)$. The actual door size is 23 $^{15}/_{16}$ x 11 $^{7}/_{8}$.
- Quantities listed are for 1 door. Double for making 2 doors

DRAWER FACE

Parts List

ITEM	QTY	DESCRIPTION	DIMENSIONS (IN)
1	4	Edge Banding Strips	Varies
2	1	Plywood Panel	$23^{13}/_{16} \times 6^{11}/_{16} \times \frac{1}{2}$
3	2	Rails	19 ⁵ / ₁₆ x 1
4	2	Stiles	$6^{11}/_{16}$ x 2 ½ x ½

Notes:

- The drawer face is similar to the doors, with $^{1}/_{16}$ less height and width to account for the thickness of the edge banding. The actual drawer face size is 23 $^{1}/_{16}$ x 6 $^{3}/_{4}$.
- For a drawer less than 7 inches tall, use rails that are not as wide so there's enough of the inset panel showing. I choose to go with $1^{5}/_{8}$ instead of the normal $2^{1}/_{4}$.

If you have any questions about dimensions or find a mistake in these diagrams, please contact me via email using my contact page at projectbilld.com/contact or direct message me at projectbilld on Instagram and I'll get back to you as soon as possible!

Happy billding!

-Bill
